REPORTS.

I.—Report of Special Bible Committee.

We are glad to be able to report that the Permanent Executive Bible Committee has finally reached unanimous action on the adoption of a constitution—a copy of which is presented with this report. It is now before the Mission for ratification. ✓

You will see from Article II Sec. 2 that the Bible Societies have granted the principle for which our Mission has been contending.

This they were willing to do as soon as, by a somewhat lengthened correspondence, the position of the Mission was made clear to them.

There now seems to be nothing to prevent the harmonious co-operation of the Missions and the Bible Societies.

In adopting this constitution the Permanent Executive Bible Committee also adopted the following resolutions, viz:

1—"Resolved that we express to the American, the British and Foreign, and the Scotch Bible Societies our conviction that this constitution adequately meets the needs of Bible work in Korea, and that we most earnestly request their sanction of the same and their co-operation in the work under its provisions.

2—"In view of the size of the field and the provisions of the constitution for one agent (a common agent) we express our conviction that the interests of Bible work in Korea and the principles of comity make the appointment of a second agent unadvisable and an action to be deprecated unless there is a material change in the present conditions."

In regard to translation work we can report that progress has been made in the revision of the New Testament, while in the Old Testament several books have been translated by individual members of the Board and are ready for the consideration of the whole Board.

Great changes have been made in the Board of Translators. Dr. Scranton's resignation from the Methodist Mission

made vacant his place on the Board while the greatly lamented death of Mr. Appenzeller removed one of the most faithful and industrious members.

At the February meeting of the Committee, Mr. Jones of the M. E. Mission (North) and Mr. Moffett of our Mission were elected members of the Board and at the June meeting Dr. Hardie of the M. E. Mission (South) was elected. Mr. Jones accepted the appointment with the approval of the Mission and is now one of the Translators. Dr. Moffett has not accepted the appointment and Dr. Hardie's acceptance is still in doubt. There are therefore now but three working members on the field although Dr. Underwood is expected back very soon. The P. E. B. C. has therefore taken steps towards the election of others at its next session.

We would here also make note of the presence during the year of Rev. H. O. T. Burkwall as the acting agent of the Bible Society. His presence and influence in the Bible work has been a source of great satisfaction and benefit.

II.—Committee on Withdrawal from Kyeng Sang Do.

Reports, 1—That it communicated with the Boards of both Missions and received the reply that neither Board is willing to withdraw.

2—That it took action deferring the erection of a house for Mr. Sidebotham until the Mission should act on the question of re-enforcements for the Fusan Station.

III.—Report of the Educational Committee.

We note that the Educational Institutions are being satisfactorily conducted according to the policy heretofore outlined and we congratulate the Mission upon the progress made in the development of the Intermediate School in Seoul, and the

Academy in Pyeng Yang, and upon the marked improvement in the Girls' School in Seoul. The policy of having all the members of the Station co-operate in building up and in teaching in these institutions is one we hope to see continued.

We also note with satisfaction the successful execution of the plan wherein 100 nyang is "considered an equivalent of full support" in the Girls' School and we recommend the continuance of the same plan.

We recommend that in order to their ultimate greatest efficiency in making the educational institutions a true and powerful factor in the evangelization of Korea, Miss Barrett and Mr. E. H. Miller, while being assigned some work in the Girls' School and in the Intermediate School, shall be directed to give considerable time to direct evangelistic work both in city and country.

We recommend the approval of the plan for the assignment of another missionary to the teaching force of the Pyeng Yang Academy as soon as a qualified man is available.

In order to secure a greater exchange of help between the stations so that the Training Classes for Helpers may be made even more efficient than they have been, *we recommend* that the Apportionment Committee make some provision along this line.

We recommend that in the Pyeng Yang Station special systematic Theological instruction be provided for the Spiritual Leaders of the Church who must necessarily become the first generation of ministers.

We recommend that the Committee on Rules and By-Laws be requested to prepare a clause whereby it shall be the duty of the Educational Committee to consult with those in charge of Educational Institutions concerning their work, before their report and to report recommendations on the Educational work of the whole field.

We recommend the approval of the plan for the erection of a building for the Industrial Department of the Pyeng Yang Academy, the amount,—about Y 2000—having been provided from private funds.

We recommend the approval of the plans of the Pyeng Yang Station for the development of the Girls' School under

Mrs. Wells' care into a Boarding School and the plan for the ultimate use of the present Hospital plant for the same.

We recommend no change in the rule as to age of entrance to the Girls' Boarding Schools, but would emphasize the fact that the rule is not an inflexible one.

IV.—Report on "The Korea Field."

The little paper which the Mission last year gave me permission to issue has gone out four times since that meeting, and with what success you who have now grown accustomed to it can tell much better than I. Personally my thanks are due to many of the members of the Mission for their kind assistance in furnishing the addresses of their friends, and in ordering copies mailed regularly to such friends. The number of subscribers in America has also proved unexpectedly large, so that the list of those to whom the paper is being mailed each quarter exceeds a thousand very considerably. The first issue, used largely by way of specimen copies, was paid for by a young people's society in Brooklyn. Since then the paper has actually paid expenses, though I refused an advertisement offered me. One gratifying fact was the prompt exhaustion of the thousand copies first printed of the second number and the accumulation later of so many orders for it as to justify its reprinting. There seems no doubt that the publication has been of service to the work of our Mission by making it better known in the home lands. The only regret I have in connection with it is that there are some parts of the field, both under our own and under sister missions, from the workers in which I have found it impossible to obtain the copy I desired to insert.

Having demonstrated, as I believe, the desirability and feasibility of such a periodical in our Mission, I now tender the control of "The Korea Field" in every way to the Mission, hoping that you may see your way to adopt the infant and to rear it to hearty maturity.

Respectfully Submitted,

V.—Report of the Business Manager of “The Christian News.”

In the subscription department of “The Christian News” the year has been one of plodding sameness. Much credit is due the agents in the three northern districts for the energy with which they have pushed the paper. To them are due a large part of the 337 subscriptions we are now carrying upon the books. Whereas through much of the year we printed an edition of 500 or even 550 copies, this was reduced at the beginning of July by cutting off all those magistracies, 180 in number, which had shown no recent disposition to pay up. Out of this number prompt payment was immediately made on behalf of the magistracies in South Kyeng Sang and South Pyeng An Do, and 59 were thus speedily restored to the register. It has been found impossible to obtain any number of paying advertisements, those of the Bible and Tract Societies being inserted gratis as a department of missionary work. The following is an analysis of receipts and disbursements:—

Received from subscribers,	\$280.12
” ” Board appropriation	<u>351.90</u>
	\$632.02
Printing bill	\$579.85
Wages	298.85
Postage and Stationery	43.07
Editor’s expenses	52.09
Miscellaneous	<u>4.61</u>
	\$978.12

A balance struck between these two totals will show that nearly \$350 is yet to be drawn from the Board’s appropriation to pay an as yet unrepresented printer’s bill, nothing having been in fact, drawn from that source since last November.

Respectfully Submitted,

(Signed) C. C. VINTON, Manager.

VI.—Report of Medical Committee (As Adopted).

The Committee recommends:—

1. While your Committee recognize an irregularity in the mode of engagement of the Japanese nurses now employed in the Seoul Hospital, yet we recognize the necessity of the step

and its advantage and recommend that the action be approved and their employment continued. At the same time this is to be considered as a special case and in no wise as a precedent for the future.

2. Whereas, Mr. Severance of Ohio has added to his other beneficencies to our Mission by offering to support a Missionary physician who shall act primarily as a substitute physician in our various stations as need may arise, and when not so employed be assigned medical work in connection with the Severance Hospital,

Resolved, That we express our deep appreciation of his generosity and wise interest in our work, and

Resolved, That we request the Board to send us the physician in accordance with this offer as soon as possible, but would call attention to the fact that such substituting work alone in our five stations will consume at least six years of the physician's eight year term of service.

3. That the request for yen 294 increase over last year in current medical work in Taiku be approved.

4. That we approve the increase of yen 200 in estimates for current expenses for Syen Chun Hospital.

5. That we approve the payment of yen 80 traveling expenses of the two nurses in the Seoul Hospital, and yen 500 for salaries for the present fiscal year ending April 30, 1903, and yen 600 for salaries for next fiscal year ending April 30, 1904.

6. That the request as given in the estimates of Seoul Station for increase in the current expenses of the Severance Memorial Hospital be approved.

7. That we approve the request for appropriation of yen 250 for additional medical and surgical outfit for Pyeng Yang Hospital.

8. That the Taiku Hospital be built with an accommodation of sixteen beds, and that we approve the request of Taiku Station for an appropriation of yen 500 over the yen 6000 already granted for the building of the hospital.

9. That we approve the request for an appropriation of yen 1000 for the working equipment of the Taiku Hospital.

10. That we approve the request of Pyeng Yeng Station for a new hospital to replace the plant to be turned over for the use of the Girl's School, and request the Station to prepare

plans for the same and submit them with estimates to the Mission through the proper committees.

11. That the question of reinforcing Fusan Station by a new medical man be deferred until next annual meeting.

12. That the request for yen 2300 for finishing and equipping the Fusan Hospital be deferred for one year.

13. That on the request of Fusan Station for yen 294 for additional sanitarium expenses yen 201 be granted.

14. That the use of \$80 gold, already appropriated contingent on Mission approval for two beds in Pyeng Yang Hospital, be approved.

VII.—Report of Evangelistic Committee.

I. We recommend that Dr. Field, Mrs. Welbon and Mrs. Sharp be granted one woman helper each whose time shall be used as much as possible in country work.

II. Also that a Bible woman be granted Seoul Station to work in connection with the Yun Mot Kol church to be under the general direction of Mrs. F. S. Miller and to be used as the Woman's Work Committee of the Station may arrange.

III. Also that Mrs. Avison be permitted to employ a Bible woman to work in connection with the Severance Hospital and Ku Ri Kai church.

IV. We approve Dr. Avison's plan of maintaining a book room in front of the Hospital for evangelistic work and that the request for yen 150.00 for maintenance of same be approved.

V. Recommended that permission be granted to build the Woman's Guest Room in Taiku.

VI. Also that we approve the request of 200 yen for the Pai Chun Rest House.

VII. Also that Mr. Bruen be allowed one helper, but that no helper be granted Mr. Barrett until next Annual Meeting.

VIII. We recommend the steps taken for the unification of the work in Seoul during the past year.

IX. We approve the plan of Dr. Moffett of building a book store and reading room in Pyeng Yang and we recommend that it be put in charge of a Station committee of three of which Dr. Moffett shall be chairman and which shall superintend it and determine its policy. As the funds are provided by Dr. Moffett we also recommend that he shall have exclusive charge of the same and not be required to report upon them.

X. We recommend to the attention of the itinerating missionaries, the importance of impressing upon the male members of the Korean households their duty of teaching their wives and daughters to read.

VIII.—Report of Finance Committee.

The Committee has had very few decisions to make during the year.

The only questions submitted to it were:

1. Fusan Station asked whether it must return to the Mission Treasurer the amount received from the sale of a Station building or whether the Station might use the amount in one of the forms of its work.

The answer was that the amount must be turned over to the Mission Treasurer.

2. The auditing of the Treasurer's Books. This was accomplished in due form and all having been found correct a report to that effect was rendered to the Board.

3. The distribution of the cut in the estimates amongst the several Stations. This was done according to the usual rule of allotting it according to the total amounts used by the Stations in native work, reckoning the items of entirely Mission interest as constituting a separate group and following out the suggestion of last year that a distinction be made between new and old work. New work was cut double the proportion of old work while restored work was classed as new work.

Respectfully submitted,

(Signed) O. R. AVISON,

Chairman.

XI.—Report of the Editorial Committee.

I. Your committee would report the publication of the *Mental Arithmetic* by Miss Doty presented last year in due form. There were 2000 copies printed and they are now in the hands of the Custodian of the Korea Religious Tract Society.

II. We also report the publication by the K. R. T. S. of the *Advanced Arithmetic, Part I*, prepared by Dr. Field and we recommend that she complete the work in the preparation of Part II.

III. We further report the publication by the K. R. T. S. of Volume III of Mr. Gale's *Thousand Character Series* and a fourth volume prepared in manuscript containing selections from the best Korean authors, this volume to complete the set. These books are a graded series leading from the Primary to work in the Intermediate schools and the Committee recommends their use.

IV. Mrs. Baird has completed a translation of Gray's *Botany for Common Schools* and it is now ready for the press. It is to be published with a hundred illustrations. The book is prepared for students in the Academy and Intermediate schools and we trust that it will soon be ready for use.

V. Part I of a work on the Trinity has been prepared by Mr. Swallen and we recommend the completion of the remaining second and third parts.

VI. A compendium of Church History also prepared by Mr. Swallen is now being published in "The Christian News." Part I embraces a period from A. D. 30 to 325. We recommend the continuation of the work as it will fill a needy place in class instruction of helpers and leaders.

VII. Two Commentaries on I Corinthians have been prepared, one by Mr. Swallen and one by Mr. F. S. Miller. Mr. Miller's is already published in book form and Mr. Swallen's is now being printed in "The Christian News." Each was unaware of the other's being similarly engaged. The Committee regrets the fact that two members should toil over the same work at the same time while so many demands remain unsupplied. The desire of the Committee is to keep in touch with all literary workers and so prevent any such misunderstanding in future.

We recomend that Mr. Swallen's work be arranged for publication as soon as the revised text of Corinthians can be secured.

VIII. The Committee would report the following school books under way :

- (1) A School Geography, by Mr. Baird.
- (2) A Physical Geography, " " "
- (3) A work on Pedagogics, " " "
- (4) A History, English and American, by Mr. Gale.
- (5) A " of China, " "
- (6) A " of Korea, " "
- (7) An advanced Botany, " "
- (8) A Chemistry, " Dr. Avison.
- (9) An Anatomy, " "
- (10) Materia Medica and Pharmacy, " "

IX. School Books Proposed :

- (1) A General History, by Mr. Baird.
- (2) A Geology, " Mrs. "
- (3) A Work on Astronomy, Mr. Gale.
- (4) " " " Physiology. (The committee would recommend that this be prepared by Dr. Field).

X. Your Committee would recommend special care in the preparation of mannscripts when it comes to the matter of school and college books and would remind workers that absolute accuracy is necessary in a book that is to attain to permancy.

XI. We note that Dr. Wells has prepared the following introductory works :

- (1) A Materia Medica.
- (2) Therapeutics.
- (3) A Book on Surgery.
- (4) Hygiene (Portions printed in the Christian News).

These translations are the collected lectures that Dr. Wells has given his students during the year.

The Committee however cannot see its way clear to recommend that the doctor give any considerable portion of his time to translation.

XII. Your Committee notes the following theological works under way :

(1) "The Christian's Secret of a Happy Life," Dr. Moffett.

(2) "Faber's Civilization," Dr. Moffett.

XIII. The following theological books are contemplated :

(1) A Commentary on Romans, Dr. Moffett.

(2) Theological treatises on

(a) The work of the Holy Spirit, Dr. Moffett.

(b) The Being and Attributes of God, Dr. Moffett.

(3) Old Testament History, by Mr. Swallen.

(4) A Commentary on Galatians, by Mr. F. S. Miller.

XIV. A list of books deemed desirable :

(1) Theological Treatises on

(a) The atonement.

(b) Offices and work of Christ.

(c) Death and Resurrection.

(2) Outline studies of the Books of the Bible.

(3) Geography of Palestine and maps (of which Miss Best has prepared a part).

(4) Topical studies or Bible Readings for the use of evangelists and leaders.

(5) A book on Homiletics.

XV. We note the publication of the tract John 3 ; 16, by Dr. Vinton and that he has certain works in contemplation, but the Committee would recommend that he give only a limited portion of time to work in Korean, not allowing it to interfere with the full discharge of apportioned duties.

XVI. We mention as tracts under way just one :

(1) "The Gate of Wisdom and Virtue," by Mr Swallen.

XVII. Mr. Gale reports progress in the revision of the Dictionary and Grammatical Forms.

XVIII. Your Committee believes that the Mission's burden of literary work is already so great that it cannot see its way clear to recommend the taking over of "the Korea Field." Our publications at home call for all items of interest that we can furnish and as these publications reach a much wider constituency it is the opinion of your committee that it would be unwise to recommend the absorption of time and effort in this undertaking.

XIX. We call attention to a by-law adopted last year that relates to literary work in the hope that it will be read and acted upon in future :

“No member of the Mission is authorized to enter upon the preparation of tracts, books or other literature without conferring with and securing the approval of the Editorial Committee.

“Where any work has already been begun, a report should be made to the Editorial Committee concerning the progress made and the scope contemplated.”

(Signed) JAS. S. GALE,
Secretary.

SUPPLEMENTARY REPORT.

Books under way :

- (1) A Geography of Palestine and maps, by Miss Best
 - (2) Topical Studies and Bible Readings, by Mrs. Hunt.
- Books prepared.

A Chart of Christ's Life, with Explanations, 예수 형적 초서록, by Mr. Adams.

(Signed) JAS. S. GALE,
Secretary.

XII.—Report of Committee on Salary of Unmarried Men.

We recommend that the Mission represent to the Board its conviction,

1st. That the salary of an unmarried man should be larger than that of a single woman, his personal expenses being greater and his necessarily more public life involving greater expense.

2nd. That the amount decided upon last year by the Board viz. \$625, is not an adequate amount for an unmarried man in Korea.

3rd. In view of the steady increase in the cost of living in Korea, we believe that a reduction from the former salary, viz. \$833.33, will fail to secure the most efficient service; from the men and the best returns to the Board and would be an unwise action militating against the most economical use of Board funds.

4th. We therefore request the Board to make the salaries of all the single men the same and to make no reduction from the former amount, \$833.33.

XIII.—Report of the Committee on the Christian News.

During the past year the Christian News has been conducted according to Mission appointment by Mr. Gale as Editor in Chief and Dr. Vinton as Business Manager. In the absence and illness of Mr. Gale in June and July and parts of other months Mr. F. S. Miller acted as editor.

Subscribers not paying subscriptions have been dropped from the roll, thus diminishing the size of the issue, but the Editor, Business Manager and Station Agents are to be congratulated on the increase of paid up subscriptions from 140 to 337. We urge upon the attention of all the Mission the importance of taking every step to increase the subscriptions to this important organ of our work. Should it prove possible to obtain a paid up subscription list of 1000 it will probably be possible to reduce the subscription price one half.

In order to relieve the Editor of the labor of writing requests for literary contributions we recommend that steps be taken by the Mission to secure such contributions from members of our own and other Missions. While the Editor in Chief in virtue of his position shall decide what contributions are suitable for publication yet we recommend that other persons be appointed in charge of special departments. They shall seek from others, or themselves write, articles pertaining to the departments assigned them.

We suggest that as a rule these articles be short, of perhaps about 500 characters each. The work thus required of each person will not be large, but a larger number of the missionaries will in this manner be brought into sympathy and touch with the paper.

We recommend the following appointments: Editor in Chief, Rev. J. S. Gale; Assistant Editor, Rev. F. S. Miller; Business Manager, Dr. C. C. Vinton.

As heads of departments we recommend:

	Characters per issue.
Mr. Swallen, New Testament S. S. Lessons	1500
Mr. Sidebotham, Old Testament S. S. Lessons	1500
Mr. E. H. Miller, Prayer Meeting Topics
Dr. Field, Medical and Hygiene	500
Miss Best and } Mr. Adams } Devotional Articles	500
Rev. F. S. Miller, Scientific Notes and } Other Useful Information }	500
✓ Mrs. Baird, Articles on the Care of the Home	500
Mr. Baird, Educational	500
Dr. A. M. Sharrocks, Foreign Mission Notes and News.	
Rev. G. Lee, Incidents illustrative of Scripture truth.	
Mr. Bruen, Articles for Children.	
Dr. Underwood, Selected topic.	
Dr. Wells, " "	
Dr. Avison, " "	
Dr. Moffett, " " on Church Organization—12 articles.	

In case of occasional inability to write articles in Korean the members may send newspaper clippings to the Editor in Chief.

We suggest that each Station in addition to appointing a Subscription Agent also appoint a News Collector and that itinerating Missionaries send accounts of their trips and observations concerning the work for publication in the News.

We recommend that the name of the Christian News be not used on other publications without the permission of the Mission.

Respectfully submitted,

XIV.—Report of Property Committee.

1. During the year the following plans have been approved, viz:

Addition to house for single ladies in Pyeng Yang.

“ “ “ “ Mr. Lee. “ “

Mr. Blair's house in Pyeng Yang.

Part of Syen Chyun Hospital.

2. We approve the buying of the site intended for Mr. Sidebotham's house in Fusan.

3. We recommend that the Fusan Station Property Committee be instructed to sell the piece of property in old Fusan formerly used for dispensary.

4. We also approve the request of Tai ku Station for 100 yen for site, 175 yen for enclosing and 3350 yen for a house for Mr. Barrett.

5. (a) We approve the plans drawn by Mr. Gordon for a two story house and a one story two-room-deep house respectively as model average missionary dwellings, the total for two story house being 2275½ sq ft inside walls and exclusive of partitions. The total of a one story two-room-deep house being 1812 sq ft inside walls, exclusive of partitions.

(b) The plans while giving a general idea of a missionary dwelling may be varied in arrangement and relative size of room but the total area shall in no case for a two story dwelling exceed 2400 sq ft and for a one story two-room deep dwelling shall not exceed 1900 sq ft inside of walls, exclusive of partitions.

(c) We further recommend that the upper floor of a two story dwelling be divided into 3 or 4 bed-rooms as the requirements demand, together with bath room, linen closet and clothes closets for bedrooms and space for hall and stairs.

(d) Wire screen and shutters, storm-windows and doors when necessary, should be included in appropriations. Available attic room to be rough boarded and a stairway provided. Ceilings down stairs 10 feet in height ; up-stairs 9½. All wood work inside and out including floors should be painted or oiled.

(e) While the general policy of the Mission is to furnish quarters for one servant's family only, it is permis-

sible when local necessities demand it, to increase such quarters.

6. That the request of Pyeng Yang Station for permission to erect a building for press room and work shop for the Academy, to be built with private funds, be granted.

6½. That the request of Pyeng Yang Station for permission for Dr. Moffett to add at Board expense another room to his house, be granted.

7. We approve the request of Seoul Station for 2000 yen for the site for the Intermediate School, of which 6786 yen are already held by the Board for this purpose. We recommend asking for 6786 yen as a special appropriation and 2414 as a regular appropriation.

8. We approve the request of Seoul Station for 300 yen for a well for Mr. Gale and F. S. Miller.

9. We approve the repetition of the request of Seoul Station for 500 yen to buy the piece of ground necessary to complete Mr. Gale's house site.

10. We approve the repetition of the request of Seoul Station for 500 yen to buy the piece of ground lying between Mr. F. S. Miller's house site and the Girls' School site.

11. We approve the site between the Girls' School and the Intermediate School as a site for Mr. E. H. Miller's residence.

12. Also approve the request for 1500 yen with which to make the above purchase.

13. Also approve the request of 6000 yen for a house for Mr. E. H. Miller.

14. Also approve the request for 6000 yen for a house for Mr. Welbon.

15. We approve the request of Pyeng Yang Station for 500 yen for a hospital site.

16. We approve the request of Pyeng Yang Station for 500 yen for one house site.

17. We approve the request of Seoul Station for 2500 yen additional for the Severance Hospital, this being for a smaller building than was originally planned, the additional cost being due to rise in price of material for buildings.

18. We approve the plan of Taiku Hospital giving accommodation for 16 beds, garret to be plain boarded, the whole cost of building not to exceed 6500 yen.

19. We approve the purchase of field for Woman's guest room at Taiku.

20. We approve the repetition of the request of Taiku Station for yen 175 for a cistern.

21. We approve the request of Fusan Station for 200 yen for servants's quarters on the place now occupied by Mr. Sidebotham.

22. We recommend that action on request of Fusan Station to build Woman's waiting room to the hospital be deferred.

23. We approve the request of Seoul Station for appropriation of 1500 yen for site for Mr. Welbon.

24. We approve the request of Syen Chyun Station for 3500 yen for a house for Mr. Kearns.

25. We approve the request of Syen Chyun Station for 1000 yen on account for single ladies' house. Total 3500 yen.

26. We approve the repetition of the request for 650 yen for Station site in Syen Chyun.

27. We approve the repetition of request of Syen Chyun Station for 250 yen for alterations on Mr. Whittemore's house.

(28) Not passed.

(29) We approve Seoul Station's request for house for Dr. Avison at the Severance Hospital. Price yen 6000.

(30) We approve the request of Pyeng Yang Station for 200 yen for a well for Mr. Swallen and Mr. Blair.

(31) We approve the request of Taiku Station for 175 yen additional for Mr. Bruen's house appropriation, recommending that it be applied for as a regular appropriation.

(32) We approve of the application for 1500 yen in addition to the 4500 yen appropriated for Mr. F. S. Miller's house.

✓XV.—Report of Committee on Apportionment of Sub- Stations and Work.

RECOMMENDATIONS.

In view of the following considerations

1st—The Australian Presbyterian Church has a Mission of two ministers, a physician (who has been ordained) and their wives and three single ladies in Fusan which with reinforcements expected, is able to care for a portion of South Kyeng Sang Province ;

2nd—Taiku is the strategic point of the two provinces North and South Kyeng Sang ;

3rd—The Northern part of South Kyeng Sang Province in which there is a portion of our work already developed and operated from Fusan is equally accessible from Taiku ;

4th—With but the one Station, Taiku, we could still easily look after all the work now connected with both Stations and Taiku could then be manned according to the needs of the work as it developed until it becomes another fully equipped Station like Seoul or Pyeng Yang, therefore, *Resolved*

1st—That we request the Board to sanction the consolidation of the work of the two Stations into one at Taiku.

2nd—That we look forward to the consummation of this plan and the removal of our force from Fusan within two years, during which time the work now carried on in and from Fusan is not to be abandoned but developed as a part of the future consolidated Station.

3rd—That we appoint a committee to enter into negotiations with the Australian Mission concerning the division of territory and also to investigate the possible sale or other use of our Fusan property—this committee to report to the Mission at next annual meeting.

4th—That this committee be instructed also to present this matter fully to the Board.

Also, as bearing indirectly upon this question of consolidation of forces in the South, *Resolved*,

1st—That we request the Board for its sanction to the opening of a new Station in the territory lying between the three Stations, Seoul and Taiku of our Mission and Chun Ju of the Southern Presbyterian Mission—this new Station to be located at Kong Ju or at some other point in that region.

2nd—That we appoint a committee to investigate as to the best place to locate this new Station, the committee to report at the next annual meeting and to bring in recommendations on this and other questions involved.

Also that the committee on the Fusan-Taiku matter consist of Messrs Adams, Sidebotham and Lee.

That the committee on the question of a new Station consist of Dr. Moffett and Messrs. F. S. Miller and Bruen.

In regard to the communication from the Bible Committee we recommend the reply that the mission having already set aside two men for Bible Translation, we do not see our way clear to assign Dr. Moffett also to this work.

XVI.—Hymn Book Committee.

During the year two editions of the Hymn Book have been issued, one an edition of 10000 ordinary size with some fifty new hymns added, and a large type edition of 2500.

The capital in the hands of the Committee being insufficient the latter edition was a trial one issued by subscription. As it sells for only one half again as much as the small edition it will be in large demand and a new and larger edition will probably soon be called for.

As regards the edition with notes, a circular was sent by Mrs. Baird to each Station asking for subscriptions at the rate of one yen and twenty five sen per copy. An edition of 315 has been subscribed for and we have assurances from Mr. Beck that an edition of this size can probably be secured at the rate named. In case the cost should prove to be somewhat more we ask permission of the subscribers to order the edition without further notification.

Official notification of the Council's action towards adoption of the Mission Hymnal as a Council Hymnal having reach-

ed this Mission, we recommend that the Mission elect its Hymn Book Committee as heretofore, empowering it to transfer the Hymn Book to the Council at such time as satisfactory arrangements shall have been completed.

The Custodian reports that he has sold to date 6129 and has in hand 3871 of the edition of 10000. We have in stock and accounts due about seven hundred forty yen capital.

We shall probably have to print an edition of 10000 before the transfer can be made. For this we need 900 yen, not to mention 700 yen needed for the large type edition. Even though the book be transferred to the Council we cannot ask the other Missions to pay a great deal more than in proportion to their consumption which is one twelfth of the issue. So we cannot depend much on that source of supply. Consequently we must ask for at least 400 yen more capital for the Hymn Book Fund.

Respectfully,
(Signed) F. S. MILLER,
For Committee.
